Island Destinations unveils trip protection program

(08/10/2005)

LARCHMONT, N.Y. – The luxury tour operator Island Destinations launched a complimentary post-departure trip protection program for all bookings made through Nov. 30.

The program – which begins at the start of travel and is valid for all travelers listed on the reservation – includes travel, baggage, medical and accident protection.

With the average Island Destinations booking costing \$7,500 per couple, the trip protection could save up to \$133 per person up to age 34, \$149 per person ages 35 to 50, and \$193 per person ages 61 to 70.

A spokesman said that this is not just intended for hurricane protection; the coverage includes the firm's luxury collection of properties in Bermuda, the Caribbean, Mexico, Costa Rica, French Polynesia, Fiji and Hawaii.

It has not been decided if the coverage will be reinstated next year.
